

Registering your September 2023 ECT and mentor

All ECTs have a statutory entitlement to two years of training and development through the ECF. They also have to be registered with an AB who will oversee the statutory assessment of their induction period. Generate aims to make this process as simple as possible.

STEP 1

"I am using Generate Teaching Hub as the AB for my ECT"

[Register your ECT here](#)

OR

"I am registering my ECT for training, but not using Generate for AB"

[Complete this form](#)

STEP 2

You will also need to register your ECT on the DfE portal. This is scheduled to open for new registrations on 3rd July.

[Once open, register here.](#)
